

## The Seven Virtues of a NALJA Director

As a North American Limousin Junior Association (NALJA) director:

- I promise to uphold the values of honesty, integrity, responsibility and perseverance.
- I understand, in order to create a productive and progressive board, I must have respect for myself, fellow board members, NALF staff, producers, and the exhibitors and their families.
- I realize listening is an important aspect of leadership; consequently, I agree to listen to the requests and instructions of other board members, NALF staff, producers, and the exhibitors and their families.
- I vow to act professionally, by being prepared and on time to all events for which I am responsible and to which I am committed.
- I will not conduct illegal activity in the presence of other NALJA members.
- I will refrain from consuming alcohol or using tobacco while at NALJA events and in the presence of other NALJA members.
- I promise to do my part to help all juniors reach their fullest potentials and to reap the most benefit from their NALJA experiences.
