

Crossbreeding, the only FREE Lunch in the Cattle Business

The Benefits of Hybrid Vigor without the Hassle:

Crossbreeding made easy with Lim-Flex

Crossbreeding for the right blend of muscle, maternal ability, and profit just got easier. Introducing registered Lim-Flex seedstock, the pedigreed blend of 25-75% Limousin with Angus (black or red). The muscle and cutability of Limousin with marbling and fleshing ability of Angus, creates a product that translates into profit from the pasture to the rail.

Lim-Flex takes the hassle out of crossbreeding. Lim-Flex provides just the right shot of Limousin and Angus to excel in any market, without the extra management of rotational crossbreeding. Whether you're breeding calves to sell through Strauss Brands, CAB, or the local livestock market, Lim-Flex not only fit but can top the market, and NALF is here to help. Contact NALF's Commercial Marketing Department for more information on its marketing programs.

"Not only do Lim-Flex females offer unprecedented longevity, but they are extremely fertile and maternally inclined."

~ Andy Bailey,
Star Valley Ranch, Hiko, NV

Progressive producers recognize the advantages of hybrid vigor

- 20% more pounds of calf per cow exposed (due to hybrid advantages in age at puberty, conception rate, survival to weaning, milk production, and weaning weight)
- 1.3 years of additional cow longevity
- 30% greater lifetime production
- Increased fertility and decreased gestation length with hybrid bulls

Lim-Flex Advantages

- Flexible seedstock for simple, easily managed crossbreeding
- Flexible marketing options to maximize profit
- Flexible market progeny that consistently hit dressing percent, along with yield and quality grade targets for mainstream markets
- Flexible females adapted for efficiency across a wide range of environments

"Our cattle have to be stout, easy fleshing, maternal, and able to fend for themselves. Lim-Flex do this better than any other type of cattle we've ran."

~ Casey Deuter, Deuter Ranches, Ree Heights, SD
