

Hybrid Vigor Made Easy with

Progressive producers recognize the advantages of hybrid vigor

- 20% more pounds of calf per cow exposed (due to hybrid advantages in age at puberty, conception rate, survival to weaning, milk production, and weaning weight)
- 1.3 years of additional cow longevity
- 30% greater lifetime production
- Increased fertility and decreased gestation length with hybrid bulls

“Not only do Lim-Flex females offer unprecedented longevity, but they are extremely fertile and maternally inclined.”

~ Andy Bailey,
Star Valley Ranch, Hiko, NV

“Our cattle have to be stout, easy fleshing, maternal, and able to fend for themselves. Lim-Flex do this better than any other type of cattle we’ve ran.”

~ Casey Deuter,
Deuter Ranches, Ree Heights, SD
